Bill & Jane Johnson, Poth, TX

I was born in West Virginia and Jane is from Poth, Texas. We met 41 years ago in Modesto, California. In 1967 we married at the Little White Chapel in Las Vegas. Shortly thereafter we moved to Texas, and I went to work for H.B. Zachary building the the Hilton Palacio del Rio Hotel on the Riverwalk. I worked the next 35 years as a construction superintendent mostly on government contracts but also did a stint with the Army Corps of Engineers working through disasters in Bandera, a Hill Country flood, and a tornado that hit Wichita Falls. I retired in 2001, and mostly enjoy working in my shop, welding and working on old 8N tractors. We also enjoy our horses and dogs. We both enjoy time spent with our family and being "Popo and Nene" to our two grandsons. Jan works part-time for the County Precinct 2 Justice of the Peace.

I cut my teeth on the handlebars of a Cushman Yamaha 650, and had a Honda 750, and a 1998 Aspencade which I totaled going 40 feet down a mountainside in W. Virginia in 2005. We now love to ride our 1995 magenta Gold Wing both by ourselves and with our GWRRA family. We also ride some with the Christian Motorcycle Association.
