

Kent Powersports
“Hot Winter Nights”
April 15, 2017

There are many aspects to being an involved member of any organization. Fortunately in Chapter “U”, we have the opportunity to ride, go to rallies, socialize, do community events, and spread the word about GWRRA. We can have fun related to all aspects of motorcycles.

Scott is a smokin' Grillmaster!

Today, we supported Hot Winter Nights with one of our sponsors, Kent Powersports (KPS) in Selma, Texas. They are advertising “It’s time to kick off summer! Come to our biggest party of the year!” Well, who could resist that challenge? **Tux** put the word out for the Chapter “U” Riders to step up and be prepared to grill hot dogs and hamburgers for the attendees. While we have their attention, we can promote

motorcycle awareness and do promotional activities, i.e., recruiting, in support of the Chapter and GWRRA.

"U" all are Hot Winter Night helpers

There was a lot of food, music, and motorcycle events -- Tux's favorite, the American Dyno, which simulates riding your bike thru the quarter mile to see how fast you can go. **Tux** stated that "That thing gets louder every year!" and most of the more mature riders tended to agree with him. Numerous vendors were on-hand for everyone to enjoy and view their products, such as food truck, chair massages, and motorcycle accessories.

Recruiting and Motorcycling Awareness advisors were working hard

Chapter members sharing in the fun times were: **Diane and Court van Sickler, Scott and Debbie Hay, Pete and Dinah Ryson, Ed Smith, Ken and Connie Jordan, Tom Hendricks, Larry Hammond, Sal and Phylis Pesta, Rick and Pat Kendrick, and Steve Van Gilder.**

“Sal, This is how you burn hot dogs in the Air Force.”

As we finished up the day **Tux** was heard to say, “Today was pretty taxing for a poor penguin. After all, it’s April 15, normally the last day to file my income taxes.”

Steve says “Mission complete Chapter U, good job!”

Write up by **Tom Hendricks** and photos by **Scott Hay** and **Steve Van Gilder**.
